

**REMARKS**

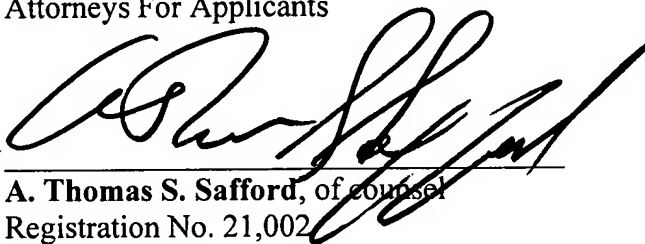

This being a correction of a non-final amendment filed November 14, 2005, the Applicants hereby submits the amended Abstract in a manner now showing the changes made from the original (with proper underlining and overstriking).

**Conclusion:**

In view of the forgoing, it is believed that all of the issues requiring response have now been addressed and timely and properly met; so that this application should now be in condition for action on the merits (and ultimate allowance). Accordingly, favorable review of the application, reconsideration and withdrawal of the objections to and rejections of the application, and prompt issuance of a Notice of Allowance are once again earnestly solicited.

Respectfully submitted,
